

Nebraska's hunting has long been known as some of the finest in the world. The terrain varies and includes CRP, food plots, hardwoods as well as our unique Sandhills region.

Why wait to join the fun? We hunt September through May — traditional Midwestern style hunting the way Grandpa and Dad taught us.

Come join us on one of these exciting hunts and you will create memories that will last a lifetime.

"You will hear them when you sleep"

Nebraska Hunting Company has everything you need to plan your next outdoor adventure in beautiful Nebraska.

We hunt out of a heated pit blind and ground blinds that overlook ponds and flooded fields. We use an extremely effective custom designed electronic calling system and cd's with more than 1,500 decoys to bring the geese within gun range. Our decoy spread consists of full bodies, shells, floaters, silhouettes, and wind socks, and the snow geese are usually interested. Our clients have taken over 1000's of birds.

Nebraska Hunting Company creates the opportunity to build lifetime memories for your friends, your family *and you*.

There's no need to look elsewhere!

GOT GUNS? GOT URGE? GOT BIRDS!
